

WHAT'S NEW FOR 2020?

The 2020 combine kit will include hardware to keep the driveline with The Shop Dog at all times so that set up is quick and easy.

THE SHOP DOG
GEN 4

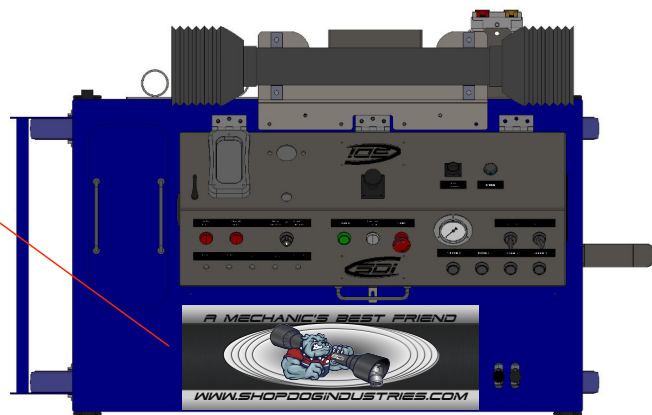

Locking casters will give you additional stability when working on both combines and implements.

The new magnetic charging pad gives you a great place to store your wireless transmitter while making sure your handheld is always charged.

The included tool mat will help to protect the finish of your Shop Dog while giving you a convenient place to set your tools.
